

Vote YES on Prop 12 to Prevent Cruelty in California!

Confining farm animals in tiny cages is cruel. In addition, these cages serve as breeding grounds for dangerous bacteria, which can end up in our food. Proposition 12 would help prevent animal cruelty and ensure a safer food supply. Prop 12 is supported by California veterinarians, family farmers, and animal shelters. Prop 12 is also endorsed by the ASPCA, Humane Society of the United States, Center For Food Safety, and the United Farm Workers.

¡Vota Sí a la Propuesta 12 para prevenir crueldad en California!

Confinar animales de granja en jaulas pequeñas es cruel. Además, estas jaulas son un medio para bacterias peligrosas, que pueden terminar en nuestra comida. La Proposición 12 ayudaría a prevenir la crueldad hacia los animales y garantizar un suministro de alimentos más seguro. Prop 12 es apoyada por veterinarios de California, granjas familiares y refugios de animales. Prop 12 es respaldada por ASPCA, Humane Society of the United States, Center For Food Safety y United Farm Workers.
